Protective Aprons Warranty: Epimed International warrants that all x-ray protective aprons manufactured under its label to be free of defects in material and workmanship for a period of 2 years from the date of purchase. Seller's obligation is limited exclusively to the repair or replacement of the defective product. This warranty does not cover damage as a result of abuse, abrasion, or failure to follow care and use instructions. Customer mishandling of products is not covered under warranty. These include, but are not limited to, the following:

- Melting of apron due to heat exposure
- Puncture holes through the fabric and core materials of apron due to a sharp object
- Submersion of apron for cleaning purposes

Seller hereby disclaims all other warranties, either expressed or implied. There are no warranties which extend beyond the time frame stated. In no case shall the liability of Epimed International exceed the purchase or replacement price of the product. UltraFlex™, Secure Shield™, Secure Touch® are trademarks of Barrier Technologies®. Velcro® is a registered trademark of Velcro Industries B.V.
